

Mason Core Committee
February 2, 2015
9:00 – 10:30 a.m., Merten Hall, 3300

Attending: Janette Muir (Chair), Melissa Broeckelman-Post, Rick Diecchio, Kelly Dunne, Kim Eby, Doug Eyman, Marcy Glover, Stephanie Hazel, Tamara Maddox, Frank Allen Philpot, Peter Winant

Out: Dominique Banville, Becky Ericson, Nathan Pittman, Mara Schoeny, Hugh Sockett, Carol Urban

Due to lack of quorum this was a general discussion meeting

Janette informed the group that due to the new budget model we can expect non-traditional proposals being submitted next year. While no one department does/should own a category, there is legitimate concern over pedagogy and whether a faculty member is truly qualified to teach a course in certain categories.

A future discussion for this committee will be to review/revise the Information Technology learning outcomes. This is our most confusing requirement.
