Agenda:

1. Capstone discussion

Capstone

- This meeting focused on revising the current proposal to change the synthesis requirement to a capstone requirement. During the meeting the proposal was revised and key points discussed regarding the intent and purpose of the capstone and guidelines for implementation.
- As the committee was discussing the guidelines/learning outcomes for this requirement, the issue of how to assess these courses via the portfolio review process was discussed and shaped the wording of the proposal.
- We will meet again during the summer for a day long retreat/workshop to work on this proposal with the hopes of presenting one final time at the second Faculty Senate meeting of AY 14-15.
